INFO & ADVICE ABOUT PITCHES

- Pitches are 1.75m wide x 2m high.

- Pitches are 'heras' fencing panels (the sort you might see on building sites) covered by waterproof gazebos.

- To affix your work to the display space you will require cable ties or similar - available from any good DIY shop.

- Decorating your pitch is completely fine. However, what goes up must come down .So it's probably best to keep decorations simple and striking! Bring a 'display kit' with you. Scissors, black bins bags etc. will all come in handy on the day!

- **Please note:** affixing decorations must not damage the display areas. Any damage caused must be paid for (see terms & conditions above).

- Access to the site for set up could be very busy! We recommend that you are dropped off nearby (West Street is probably best) with a friend to assist you with carrying your work.

- **Please do not bring a table with you.** The layout of the market has been approved on the basis that it can be quickly moved for emergency services access. Tables on either side of the fencing would restrict the speed at which we can move them.

FREQUENTLY ASKED QUESTIONS

What do I get for my £25?

You will receive 1.75m x 2m of display space from 10am to 5pm on 12th May 2012. We will also be actively marketing the event for you and covering other costs, such as licenses, public liability etc.

How do I book my pitch?

You can book in-person from **9.30am on Saturday 10th March** at Bovilles Art Shop, 124 High Street. You will be asked to select an available pitch then submit a completed booking form and either £25 cash or cheque (payable to Art on the Street) to secure the pitch. We can accept postal bookings by cheque, but your pitch will be selected for you. We cannot accept telephone bookings. All spaces are booked on a 'first come, first served' basis and the flat rate is regardless of the pitch location, so we recommend that you book as early as possible to secure the pitch you desire.

What do I have to do once I've booked my pitch?

You need to turn up, sign in at the 'check in' point, set up your space with consideration to the highway and other artists and sell your work!

Is there a commission structure?

No. No one will take any commission from your sales. If you choose to just exhibit and not sell, that's fine too.

What is the procedure for set up and take down?

You will need to 'check in' between 9.00am and 9.30am at the information point (see site plan), then set up your pitch. You must be set up by 10am, as the market is advertised as open from this time. Take down is from 5pm. Please bear in mind that you will need to find your own parking and there is no vehicle access/drop off point at the market site.

Will my work be insured on the site?

No. There will be public liability insurance in place for the event, but artists are displaying work at their own risk. However, we encourage artists to take out their own insurance for the event for their own peace of mind.

What kind of work would be considered unsuitable?

Art On The Street is an event for everyone, so we ask that work displayed is of a 'family friendly' nature. If you are at all unsure, please feel free to contact us.

Can I share a pitch with a friend?

Yes if you don't think you have enough work to fill a pitch but would still like to take part.

Who will look after my pitch if I need to take a break?

Try and book with a friend. That way you can provide cover for each other. You may wish to leave a mobile phone number that potential customers can ring if you are not at your space.

What happens if I have an outdoor pitch and it rains?

All pitches will be covered by waterproof gazebos.

The next Art on the Street will once again be **one day only: Saturday 12th May 2012**. The pitch size will be 1.75m wide and 2m high (half a sheet of fencing panel) and the price for this pitch is £25 for one day.

Our principles remain the same. Art on the Street is inclusive - supporting artists and providing them with a platform to sell where they are in control:

There is no commission.

The event will not directly profit anyone but those selling work.
There is no catch.
